

PROGRAMME

Project Team Meeting Health Centres 2023

13/14 February 2023, Gustav-Stresemann Institut (GSI), Bonn

Monday, 13 February

2.00-3.30 pm **Diving deeper into the centres: Presentations by CAIDERA, GLACIER, G-WAC and PACE-UP**

AvH Research Hubs will be invited for online participation.

Aim of the session: To get new insights into the aims, activities and topics of the four Centres and a deeper understanding of common interests, e.g.: What is the Centre working for? What are the main research/teaching topics? What does the Centre do to be relevant for society? Which important activities are planned for 2023? What are possible topics or concrete activities that could be worked on together with other Centres/projects?

3.30-4.00 pm Break

4.00-6.00 pm **How to make real impact? Engagement of stakeholders within the Health Centres – Good practices and lessons learnt**

Aim of the session : To discuss how the practical relevance of the Centre's work can be increased. We'll hear about good practices how Centres engage with relevant stakeholders like political decisionmakers and discuss afterwards based on the learning interests of each Centre.

6.00 pm End of the official part

6.30 pm Meeting in the Entrance Hall of GSI, departure to the city centre for dinner at Miebachs

Tuesday, 14 February

9.00-11.30 am **Common Activity Planning**

9.00-10.00 am **Part 1: Bilateral Speed Dating between Health Centres**

Aim of the Session: To identify overlapping areas of interest and discuss if/how the Centres want to collaborate bilaterally in 2023 and beyond.

10:00-11:30 am **Part 2: Multilateral Activity Planning**

Aim of the Session: To discuss the group's preferred proposals for common activities in detail, getting to concrete results and agree on the further course of action.

11.30-11:45 am Break

11:45-12:30 pm **Group discussions on mixed topics**

Aim of the Session: To discuss further topics in parallel working groups and exchange on ideas, plans and experiences (allocation to groups according to personal interest).

- Discussion 1: Activities for Alumni and other funded individuals (What are the academic/thematic backgrounds of our fellows? What are their needs and what do we want to offer them?)
 - Discussion 2: Science Communication: How do we communicate our results/ calls? (Exchange: What are good practices, what worked well? What are challenges we face? Do we need external expertise to improve our communication and if so, who could be the expert?)
 - Other topics (arising during the meeting, e.g. exchange on research topics, on admin-topics, etc.)
-

12.30-2.00 pm Lunchbreak

Common Part with the Climate Centres

2.00-3.45 pm **Speed Dating between the Health and Climate Centres**

Aim of the Session: Have an idea about the Centres' representatives, their work, and if there are linkages/common interests or not.

3.45-6.00 pm **Social Event**

Departure to the UN ("Langer Eugen") for a target-group specific presentation by the United Nations Staff College, Knowledge Centre for Sustainable Development (UNSSC) on the Sustainable Development Goals and a tour through "Langer Eugen"

7 pm Dinner at GSI
